

Wages Overtime: Daily or Weekly

Gross Pay = total amount of money earned
(before deductions)

= *regular pay + overtime pay*

Net Pay = Gross pay minus Deductions

O.T. can be

daily any time over 8 hrs

weekly any time over 40hrs/week

How many hours O.T.?

1. a) Based on daily: (on an 8hr day)

M	T	W	Th	F
8	7.5	10	8.5	6

$2 + .5 = 2.5 \text{ HRS OF O.T.}$

b) Based on weekly: (on a 40 hr week)

$8 + 7.5 + 10 + 8.5 + 6 = 40 \text{ HRS}$
~~0~~ HRS O.T.

2. Based on weekly: (on a 40 hr week)

M	T	W	Th	F
9.5	8	9	7	10
1.5	0	1	0	2

$43.5 - 40 = 3.5 \text{ HRS OVERTIME}$

Ex 1) Mike's work schedule *last week* at Domo. He gets time and a half for anything over 40 hrs in one week. His wages are \$12.50/hr. Find his Gross Pay:

Day	M	T	W	Th	F
Hours	8	+ 9	+ 10	+ 10	+ 6

\$12.50

Calculate:

(a) Total hrs = 43

(b) Regular hrs = 40

(c) Overtime hrs = 3

(d) Regular Pay = $12.50 \times 40 = 500.00$

(e) Overtime Pay = $12.50 \times 1.5 \times 3 = 56.25$

(f) Gross Pay (Reg Pay + OT Pay) = $\underline{556.25}$

(a) 43 hrs (b) 40hr (c) 3 (d) Reg Pay = \$500

(e) OT

Pay = \$56.25 (f) G.P. = \$556.25

Do Assignment 2 #1 to 3

(Day 2)

Ex 2) ^{MICOLE} ~~Melissa~~ is paid time and half based on an 8 hr day. Time and half is also paid for Saturdays and double time for Sundays. Her regular pay rate is \$7.75 Find her **gross pay.**

Day:	Mon	- Tue	Wed	Thur	Fri	Sa	Sun
Hrs :	8	8.5	9	10	8	4.5	4
Total Hours =		1.5	1.0.T	2.0.T		1.5	2.0
Reg. Hours =	40 x \$7.75 = \$310.00						

OT Hours =

1.5 = 8	7.75 x 1.5 x 8 = \$93.00
2.0 = 4	7.75 x 2 x 4 = \$62.00
Reg Pay = \$310.00	
OT Pay = \$155.00	310.00 + 93.00 + 62.00 = \$465.00

Gross Pay =

\$465.00

Do Assignment 2 Q 4, Q 5 to 8 (Q7 is bonus)

Q1

Total Hours = 52

Reg. Hours = 40

OT Hours = (1.5) 8
(2.0) 4

Reg Pay = $40 \times 7.75 = \$310.00$

OT Pay = (1.5) $7.75 \times 1.5 \times 8 = \93.00
(2.0) $7.75 \times 2 \times 4 = \62.00

Gross Pay = $310.00 + 93.00 + 62.00 = 465.00$

Mental Math

1. Richard worked 4hrs and 30mins each day for 5 days. He earned \$20 per hour. How much did he earn?
2. Jen earns \$11.35 per hour. She works 3 hours at double time. How much did she earn?
3. Frank worked the following hours:

M	T	W	Th	F
6	9	10	8	9.5

 - a) How many hrs of O.T. did he work calculated **daily**?
 - b) How many hrs of O.T. did he work calculated **weekly**?

Another Question

employees are paid daily time and a half based on an eight hour day. They are paid time and a half on Saturdays, and double time on Sundays. Find gross pay. \$10.25/hr

M	T	W	TH	F	SA	SU
10	9.5	8	7	8	4	4
